### Big Time Gameshows – Survey Says

**Contact Info:** Richard Roy

**Phone:** 306-861-2201

**Email:** bigtimegameshows@hotmail.com

**Website:** www.bigtimegameshows.com

### General Performance Requirements

To ensure the best possible performance and a seamless experience, the following technical and stage requirements are requested:

#### 1. Stage / Performance Area

**Minimum Dimensions:** The stage dimensions shall be a minimum of 10' from the projector screen to the apron of the stage by 24' wide. Should the client be unable to provide screen and projector, stage dimensions shall be 16' deep by 24' wide area. If the size of your stage is less than that listed above please let us know as we can work to come up with a viable solution. Stage must be clean, level surface free from obstructions.

#### 2. Sound System

- Professional sound system with appropriate speakers to cover the venue.
- A wireless handheld microphone is required.
- Backup microphone or connection to the venue's system (if available).

#### 3. Lighting

- Adequate lighting to ensure visibility of the performer and act.
- Basic stage wash with white or neutral light.
- Big Time Gameshows producer will work with lighting technician for performance lighting. Primary lighting is a white wash with blue and red accents for teams with intermittent light runs and sequences during winning game moments.

#### 4. Backstage / Setup Area

- **Private space** for costume changes, equipment preparation, and personal belongings.
- Access to the performance area for setup at least **2–3 hours prior** to showtime.

#### 5. Technical Support

- Sound/Lighting Technician onsite to assist with setup, sound check, and any cues during the performance.
- Clear communication with technical staff to ensure all requirements are met.

#### 6. Power Requirements

- Access to a standard 110V power source (extension cords provided by Big Time Gameshows).

#### 7. Audio/Video Playback (if applicable)

- Performance includes pre-recorded music or visuals, the following is required:
- Connection to the venue's sound system (via AUX cable & HDMI).
- Projector screen and projector for visuals. Should client not have sufficient audio or visual, Big Time Gameshows can supply audio and visual equipment at an additional cost of \$1,250.00

## Tech and Performance Requirements
